

Module 2

Lesson 1

Fingerprinting

Learning Objectives

- To understand how to brush for '**Latent**' marks at a Crime Scene Investigation.
- To develop students knowledge of fingerprints and their importance if recovered at a Crime Scene Investigation.

Sticker number: 1

Activities

- **Activity 1** - Dusting for Latent Marks.
 - Use the Hand Print sheets provided.
 - Use the magnetic wands and magnetic powder provided.
 - Play and follow Fingerprint dusting demo and tutorial.
 - All students will recover their own handprint.
 - **Teachers:** Pencils will be required to put their names on their sheets.
 - **Activity 2** - Using the Ten Prints PDF template with ink strips. Play and follow the Ten Prints demo video. All students will produce their own Ten Print Form.
(Time permitting, this activity is optional)
 - **Activity 4** - The Fingerprint Keyrings are a '**unique**' keepsake for all students to take home. Play and follow the Keyring demo video.
 - **Activity 3** - The Fingerprint Mounting cards. Play and follow the video on fingerprinting for this session.
-

Lesson Extras

- Play the optional BBC videos within the topic presentation, which will provide a greater understanding of the topic of Fingerprinting and Crime Scene Investigation.
