

## Module 4 Extras

CEOP – Child Exploitation and  
Online Protection Command

---

### Activities

- This short session is completely optional and all the materials are provided by CEOP (Child Exploitation Online Protection Command), which is now part of the NCA (National Crime Agency).
- It includes a short film (10 mins duration) and Q&A session about Online Internet Safety and has been rolled out throughout Primary Schools nationwide. We use this session as an introduction to computer forensics and in particular, making the pupils aware about leaving a digital fingerprint on the various pieces of computer hardware.
- We discuss the use of Smart / Android Mobile Phones and Social Media Platforms including Facebook, Instagram, SnapChat and Twitter, as well as the appropriateness of some Computer Games, where some younger children are actively playing 18 + games.
- Please note that at least one of our Trainer's is an Ambassador for CEOP.
