

# SEND Lesson Plan

## Module 2

## Lesson 5

### Ultraviolet Light

## Learning Objectives

- All students will learn about how Ultra Violet enables the detection of elements you cannot see with the naked eye at a Crime Scene. Particularly, bodily fluids.
- Students will learn how Ultra Violet Light shows the 'Invisible' at a Crime Scene Investigation

## Sticker number: 5

---

## Activities

- Play and follow the UV video demonstration.
  - All students will use the Safehaus Black & White/Yellow Invisible Marker pens to create a mark on the Yellow Post-it Notes provided.
  - Allow the student's ink to dry for 2 minutes and then use the UV Torch to illuminate the invisible writing.
  - **(Silver & Gold Package only)** this exercise will prepare the students for using UV lights in the afternoon Crime Scene Investigation.
- 

## Lesson Extras

- A factsheet PDF is included along with an informative video to enable further discussion of this topic.
